

Protect Safeguard

Active Assailant and Attack Insurance

The frequency and nature of malicious attacks and armed assailant incidents continue to be a threat to people and businesses across many parts of the globe. These attacks are often, but not always, carried out in the name of terrorism. Increasingly the threat can come from single interest extremist groups utilising terror to amplify their cause.

Attacks put lives at risk and expose businesses to potentially catastrophic income loss, as well as being held liable for an incident on their premises.

Samphire Protect Safeguard helps policyholders to prepare for and manage the risk of being a victim of a malicious attack. Whatever the motive of the attack, the cover helps to mitigate the risks of physical, financial, and reputational damage to the policyholder.

Samphire Protect Safeguard provides broad insurance protection, aligned with crisis response and risk intelligence.

Cover can be triggered by:

-  An attack at an insured location, with a broad definition of what weapon
-  An attack within a defined radius of an insured location
-  Prevention of access to an insured location by civil or military authorities
-  A malicious or stalking threat against the policyholder

Samphire Protect Safeguard provides cover for:

- | | |
|---|--|
|  Crisis management expenses |  Increased security costs |
|  Business interruption |  Medical expenses |
|  Legal liability |  Loss of attraction |
|  Bodily injury and death benefit |  Public relations costs |
|  Property and contents damage |  Psychiatric and counselling expenses |
|  Threat assessments |  Temporary premises costs |
